PROFESSIONAL SUMMARY

Cybersecurity graduate with hands-on experience in Web Application Security Testing, Vulnerability Assessment, Malware Analysis, Security Research, and Security Tool Development. Experienced in identifying and responsibly disclosing security vulnerabilities including Cross-Site Scripting (XSS) and SQL Injection issues. Skilled in Python, Linux environments, Burp Suite, Wireshark, Nmap, YARA, and modern security testing methodologies.

EDUCATION

Kakinada Institute of Engineering and Technology — B.Tech, Cyber Security 2022 – 2026

Jawaharlal Nehru Technological University Kakinada (JNTUK)

CGPA: 7.34 / 10 | Class Awarded: **First Class**

Sri Chaitanya Junior College, Tuni — Intermediate (Class XII)

84.1%

Atchuta English Medium School, Tuni — SSC (Class X)

95%

TECHNICAL SKILLS

Programming: Python, C

Cybersecurity: VAPT, Web Application Security, Ethical Hacking, Malware Analysis, Digital Forensics, Security Research

Security Tools: Burp Suite, Nmap, Wireshark, Hashcat, YARA, OWASP ZAP

Platforms: Kali Linux, Windows, VMware, VirtualBox

Web Technologies: HTML, CSS, Flask, React

Version Control: Git, GitHub

SECURITY RESEARCH

- Conducted independent web application security assessments and responsible vulnerability disclosure.
- Published security research findings through a dedicated Security Research Archive.
- Reported 13+ security findings, including:
 - Cross-Site Scripting (XSS) — 5 findings
 - Union-Based SQL Injection — 4 findings
 - SQL Injection — 4 findings
- Skilled in vulnerability validation, report writing, and responsible disclosure workflows.

PROJECTS

CYBERX — Malware Scanner using YARA

- Developed a malware detection platform using custom YARA signatures.
- Automated file scanning and malware classification.
- Generated structured malware analysis reports.

CYBER-REQ — HTTP Request Testing Tool

- Built a GUI-based HTTP request simulation tool using Python.
- Implemented configurable request counts, delays, and logging.
- Designed for educational cybersecurity testing environments.

CYBER-KEY-PULSE

- Educational cybersecurity project demonstrating keystroke monitoring concepts.
- Implemented secure monitoring and logging mechanisms.

INTERNSHIPS

Cyber Crime Department Internship — Visakhapatnam

- Learned cybercrime investigation workflows.
- Worked with digital evidence handling and forensic processes.
- Observed cybercrime reporting and analysis procedures.

Redynox Cybersecurity Internship

Jul 2025 – Aug 2025

- Worked on cybersecurity awareness and infrastructure security concepts.
- Participated in practical cybersecurity learning activities.

AICTE Virtual Internships

- Palo Alto Networks Cybersecurity Internship
- Ethical Hacking Virtual Internship
- Zscaler Networking Virtual Internship

CERTIFICATIONS

- Skill India Cyber Security Certification — Mahindra Foundation
- Palo Alto Networks Cybersecurity Virtual Internship
- Ethical Hacking Virtual Internship
- Zscaler Networking Virtual Internship
- Saviynt Identity Security for the AI Age (ISAA)
- Foundations of Cybersecurity — Google Career Certificates
- Cybersecurity Essentials — Palo Alto Networks

ACHIEVEMENTS

- NCC C Certificate Holder.
- Gold Medalist — NSC Seamanship Event.
- Selected for Cyber Crime Department Internship, Visakhapatnam.
- Conducted Cybersecurity Awareness Session for NCC Cadets.
- Built and deployed a professional Cybersecurity Portfolio Website.
- Created a Security Research Archive showcasing vulnerability research.
- Participated in BSides Vizag and OSAMSEC cybersecurity events.
- Participated in All India Ship Attachment Camp, Mumbai.
